EORTC-CLTG

Annual Meeting **2026** - **Berlin**

8-10
Oct
2026

WELCOME MESSAGE

Dear Industry Representatives,

We are delighted to announce that Berlin will host the upcoming **2026 European Meeting on Skin Lymphoma and Inflammatory Mimickers (EORTC CLTG 2026 Annual Meeting)**. Taking place from **8–10 October 2026**, this premier European congress, internationally recognized in the field, promises to deliver an engaging and impactful program.

At the heart of this gathering is a clear purpose: to bring together experts, delegates, and sponsors from across Europe and around the world to explore the latest advances in skin lymphoma and the intersection of malignant and benign skin inflammation—across research, diagnostics, and treatment.

We aim to ignite meaningful discussions around emerging research priorities, address current patient care challenges, and elevate clinical practice standards. This congress offers a unique platform for cross-disciplinary collaboration, innovation, and solution-oriented dialogue.

Berlin, a vibrant and dynamic European capital, provides the perfect setting for exchanging knowledge and ideas. We are reaching out to invite your company to sponsor the event as we believe your organization's mission aligns with our objectives, making this a valuable and mutually rewarding partnership.

We look forward to welcoming you to Berlin.

Prof. Dr. Chalid Assaf

GENERAL INFORMATION

ABOUT THE MEETING

The CLTG Annual Meeting has become the world's leading and most comprehensive forum dedicated to the intersection of skin cancer and inflammation—specifically, cutaneous lymphoma. The program will feature international experts presenting the latest findings from clinical and preclinical studies and results from recent clinical trials.

The sessions will cover cutting-edge developments in basic science, define high-priority research and development goals, address current challenges in patient care, and explore strategies to improve the diagnosis, treatment, and management of skin lymphomas and their inflammatory mimickers.

Keynote and invited speakers will provide expert overviews of emerging scientific trends that are expected to shape the future of the field. By the conclusion of the meeting, participants will be equipped with a comprehensive update on this highly specialized and evolving area of medicine.

CONGRESS VENUE

Colosseum Berlin

The **Colosseum Berlin** is one of the city's most historic event venues. Originally opened in 1893 as a cinema, the building today combines historic architecture with state-of-the-art event technology.

With flexible room concepts, excellent acoustics, and modern AV-equipment, the Colosseum is suitable for both large-scale events and smaller, more exclusive formats.

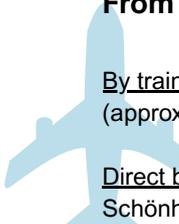

Thanks to its central location in Prenzlauer Berg and excellent connections to public transport, the venue is easily accessible – whether from the city center or directly from the airport.

From Berlin Central Station (Hauptbahnhof):

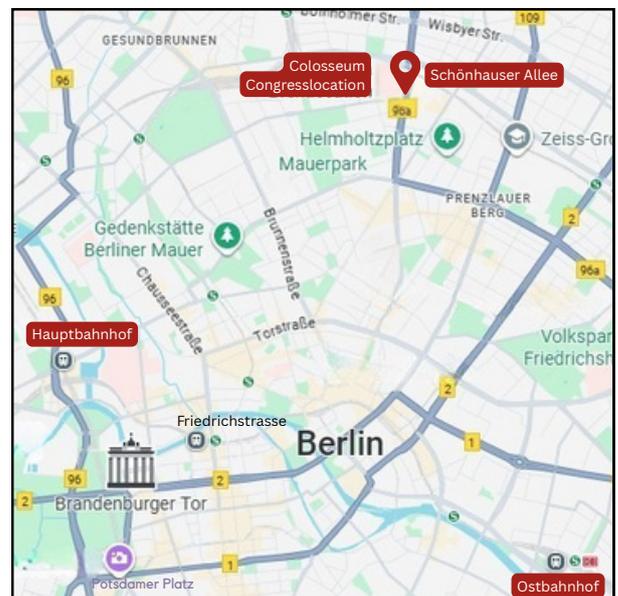

- S3, S5, S7, or S9 to Alexanderplatz
- change to U2 (direction Pankow)
- exit at Schönhauser Allee (approx. 15 min)
- Short walk to the Colosseum

From Berlin Brandenburg Airport (BER):

By train: FEX, RE7 or RB14 to Berlin Central Station (approx. 30 min), then continue as per train.

Direct by S-Bahn: S9 (direction Spandau) to Schönhauser Allee (approx. 50 min, no transfer); Short walk to the Colosseum
